FORMAL EVALUATION

All staff shall be formally evaluated using standards and indicators reasonably related to a paraprofessional performance, with a mark for each standard and an overall rating. Overall ratings shall be: **“Exemplary,” “Proficient,” “Needs Improvement,” and “Unsatisfactory,”** and shall be transmitted to Paraprofessionals **by the last business day prior to May 15** via the **VectorEvals** platform. If the para has access to a BPS-issued computer, they may sign digitally. If the para does not, the form must be printed from VectorEvals for them to sign and then uploaded as a PDF attachment to the digital form.

Paraprofessionals will generally be evaluated formally every two

years, except as set forth in section 7 below. During each school year, each principal/head of school or director will identify approximately one-half of the staff for which that administrator is responsible for evaluating during that year. The process of identifying the evaluatees will be determined by the responsible administrator. An administrator may also evaluate a staff member not originally identified, if assistance, supervision, or intervention is deemed appropriate based on informal observation.

EVALUATORS

1. No supervisor shall supervise or evaluate a relative.
2. The head of school, principal, or other administrative head outside of the bargaining unit will be responsible for all evaluations. However, they may be assisted by other qualified persons (who are not members of the bargaining unit) designated by the School Department

SCHEDULE, MEETINGS, AND PROCEDURES

1. At the beginning of each school year, the responsible administrator or their designee shall meet with Paraprofessionals for the purpose of explaining the evaluation program and instrument and answering questions. The building administrator may be assisted by other qualified persons designated by the School Department. Classroom visits may be a combination of announced and unannounced visits.

For any classroom visit resulting in written feedback indicating a deficiency in the paraprofessional's practice, the responsible supervisor shall provide such written feedback

to the paraprofessional before releasing the next Formative or Summative Evaluation.

2. Within ten (10) school days during which the paraprofessional is present following the last observation to be used as the basis of the evaluation, regardless of the rating mark, the responsible administrator or designee shall meet with the paraprofessional for the purpose of discussing the evaluation. At this meeting, the paraprofessional will be given two (2) copies of the written evaluation, signed, and dated by the responsible administrator.

The paraprofessional shall sign and return one (1) copy to indicate having received it, but not to indicate agreement or disagreement. No paraprofessional shall be asked to sign an incomplete evaluation form. Paraprofessionals shall be allowed to attach their written comments to the evaluation form. A paraprofessional whose overall performance has been judged as less than proficient at any point during the school year shall be so notified in writing and shall meet directly with the responsible administrator.

3. In any area where the responsible administrator or designee indicates a need for improvement, they will provide the paraprofessional with a written prescription. The paraprofessional may attach comments to the prescription.

If a paraprofessional's performance results in an overall formative evaluation or summative evaluation rating of "Needs Improvement" or "Unsatisfactory", the evaluation prescription may contain a requirement that a paraprofessional takes advantage of additional professional

development training or other opportunities offered by or through the School Department to correct a weakness or deficiency which caused the less than proficient rating. For purposes of this contract, "formative" means evaluations that at a minimum are twenty (20) school days apart.

If, after allowing adequate time to improve, the paraprofessional continues to need improvement, the responsible administrator may include in the evaluation prescription that the paraprofessional may voluntarily take advantage of training or in-service training to correct a deficiency.

4. If the responsible administrator had adjudged a paraprofessional's practice with an overall rating of "Unsatisfactory" on at least four (4) formative evaluations within a twelve (12) month period in which the Paraprofessional reported to work or on at least (2) formative evaluations plus a summative evaluation, the responsible administrator may initiate termination by recommending to the Superintendent that such paraprofessional be terminated. If the Superintendent approves the principal's recommendation, the principal shall notify the paraprofessional, in writing, of their intent to dismiss the paraprofessional. The paraprofessional may then request a meeting with the principal to discuss their intent to dismiss. This request must be made in writing within ten (10) days of the paraprofessional's receipt of the intent to dismiss notice. Overall "Unsatisfactory" evaluation ratings need not occur in consecutive months.

An overall rating of "Unsatisfactory" on a summative

evaluation rating must be preceded by at least two formative overall "Unsatisfactory" ratings during that school year. A paraprofessional may be removed from the classroom, dismissed, or suspended for just cause prior to the completion of the prescriptive period specified in this paragraph.

5. After each of the first three (3) formative evaluation overall "Unsatisfactory" ratings that are based in whole or in part upon observed performance, the responsible administrator shall conduct a follow-up evaluation. This evaluation shall include observation of performance and take place no sooner than twenty (20) school days and no later than fifty (50) school days after the previous "Unsatisfactory" evaluation.

If an overall formative evaluation "Unsatisfactory" rating is based upon other than performance, then the responsible administrator must clearly convey the reasons in writing to the paraprofessional and follow prescribed procedures for progressive discipline.

6. A formative or summative evaluation with an overall "Unsatisfactory" rating shall be maintained as a permanent part of the employee's personnel record and may be grieved and arbitrated. an employee may grieve a summative evaluation with an overall rating other than "Unsatisfactory" up to but not beyond the level of the Step 2 hearing officer, who shall have the authority to rectify the grievance. Any such grievance shall be dealt with expeditiously. In the event of a concurrent dismissal, the grievances shall be merged and treated as a single grievance.

Notwithstanding the above, disputes concerning the paraprofessional's rating in any of the individual standards found within a formative or summative evaluation not resulting in an overall "Unsatisfactory" rating are neither grievable nor arbitrable. Similarly, disputes concerning comments made by the responsible administrator within an observation or formative and summative evaluation are neither grievable nor arbitrable.

7. The following individuals shall be evaluated annually **prior to November 15** if possible:
 - a. Paraprofessionals who were evaluated during the previous school year as "Unsatisfactory" overall or in a particular area.
 - b. All paraprofessionals who are new to the building.
